It all began in 1973

When a former flooring installer created a small business from his family home.

Our past

With the belief that luxury vinyl flooring shouldn't just be practical, it needed to be beautiful as well, Karndean was formed. The team set out to travel the world, seeking inspiration from natural materials for what now are the most realistic luxury vinyl flooring products on the market.

The Karndean team worked out of that house for several years with the family's trusty dog Smokey, the Great Dane who is still present on Karndean's logo today. For the family and Karndean's early employees – many who are still working with us today – these years bring back many fond memories.

Now stretching across the globe, far beyond the walls of the original house, we continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

Our present

When we design products, we design with our customers, our colleagues and our communities in mind. We call it designing for life and this ethos sits at the heart of everything we do.

Every one of our floors is unique to us having been lovingly created by our in-house team selecting natural woods and stones to work with, taking the time to carefully replicate the knots, grains and textures are included in our designs.

Now stretching across the globe, beyond the walls of the original house, the Karndean family and employees continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

Our future

While we can't predict the future, we have a clear, ongoing commitment to continuing to develop beautiful, durable, designflooring that replicates the beauty of the natural world. Monitoring advances in technology to harness new materials and processes, creating innovative flooring products that will benefit our customers around the globe.

For over 50 years

Many elements must fit together, from furniture to flooring, to fixtures and everything in between.

Where to begin? We begin a new luxury vinyl flooring design with inspiration, and we are most inspired by nature. What's your design motivation? Is it aesthetic, such as a cushion or the perfect paint chip? Or is it lifestyle, a place where you can dance in your pyjamas and your babies (both two- and four-legged) can roll around and play?

No matter what drives you, Karndean Designflooring was created with your needs in mind.

Let's get started!

Our interior trends

At Karndean Designflooring we set out to understand what that means in design trends. While we identified four clear and different directions in interior styling, they share a common heart: the home as a sanctuary.

[FIND OUT MORE ABOUT OUR INTERIOR TRENDS](#)

Over 50 years of experience

At Karndean, we see flooring differently.

We travel the world in our quest to bring you exceptional floors that inspire and delight. From the ancient forests of Europe to the remote Australian outback and beyond, we seek out expressive and intriguing forms in the natural world to influence our unique floor designs. By combining these original features with cutting edge design, we create simply beautiful floors that you'll love for a lifetime.

For the family and Karndean's early employees, many of who are still working with us today, these years bring back many fond memories. Now stretching across the globe, beyond the walls of the original house, the Karndean family and employees continue to move forward with the same passion to deliver beautiful, innovative designs for your home.

1973...

Designed for you

Every one of our floors is unique to us having been lovingly created by our in-house team. Our product designers select natural woods and stones to work with, taking the time to carefully replicate the knots, grains and textures found in these products into our designs. Working with these products they apply different techniques of staining, brushing and oiling to name a few to create the perfect look and feel bringing you a simply beautiful floor.

Did you know?

Back in 1973, Smokey the Great Dane worked alongside the family and is still present on our logo today.

Designed for
comfort

Pet friendly

From muddy paw prints to household accidents and anything in-between, our low maintenance floors are designed with pets in mind.

Low maintenance

Easy to clean with a sweep and mop. Doesn't require sanding, varnishing or staining.

Laying possibilities

Its not just the design you choose, but how you lay it. Our gluedown format gives you the ability to add your individual style and add intrigue to any room with a multitude of creative laying patterns.

Kid friendly

Karndean floors offer kids a safe and comfortable space to play, and parents an easy-to-clean surface.

Quiet underfoot

Karndean Designflooring offers formats that reduce noise transfer – perfect for upstairs bedrooms, playrooms or attic/loft conversions.

Lifetime warranty

Not only is a Karndean floor unique to your home, but it's guaranteed to last for years to come.

Phthalate free

We pride ourselves on environmental awareness in the manufacture and supply of all our products, and can proudly say that all Karndean products are phthalate free.

Durable

Karndean Designflooring gives you the look and feel of natural products with the durability and resilience of luxury vinyl.

Designed for
peace of mind

Begin your
Designflooring journey

Design at home

Bring your design ideas to life with Floorstyle.

See your future floor with our interactive room viewer, Floorstyle. If you see a colour you like, try it from the comfort of your own couch.

Upload a picture of your room and get creative. Explore your options by changing your laying pattern and colours.

VISUALISE YOUR SPACE WITH FLOORSTYLE

Sample service

When choosing a floor, take into account all of the surrounding materials and finishes. What colour will the walls or cabinets be? Will you have stained or solid colour skirting boards? All of these items play a part in refining your flooring choices.

Create a moodboard

At Karndean, we know how important it is to help you visualise what your floor will look like with your walls, furniture and accessories, so use our sample service to help.

Order a selection of sample swatches

Order up to six free sample swatches, delivered free straight to your door, to help narrow down your choices. These samples are particularly helpful especially if you're looking to create a moodboard of ideas to get started.

ORDER YOUR FREE SAMPLES 

Keep in touch on social media. Share your new floors and reviews with us; we look forward to hearing from you.

-  Like us on Facebook karndean anz
-  Follow us on Instagram karndean_anz
-  Join us on LinkedIn Karndean Designflooring ANZ
-  Follow our boards on Pinterest Karndean_anz

Worth noting: Photography and print cannot always produce a perfect representation of our products. This includes colour, pattern variation and installation elements used. For this reason we strongly recommend obtaining a product sample and where possible viewing a larger sample in-store.

Design tip

Have you chosen other elements of your new room design already? Bring samples of those materials with you when you visit your retailer. This will help you find the perfect floor to match your style.

Shop local

Your Karndean Designflooring journey continues at your local Karndean retailer.

Our extensive network of independent retail partners are on hand to help you choose a simply beautiful floor that you'll love for a lifetime.

Knowledgeable and fully trained, our retail partners offer an environment where you can explore our flooring and design your dream home.

You can be confident you are in safe hands. All our retail partners offer a full measure and quote service, have professional floor fitters who have been trained and have many years' experience in installing Karndean and can provide advice on cleaning and caring for your new floor.

Use our online search feature to find your nearest Karndean Designflooring recommended retailer. Leave your details for a retailer to contact you for a free measure and quote.

FIND YOUR LOCAL RETAILER 

Visit our showroom

At our headquarters, conveniently located in Melbourne just off the Eastlink & Monash freeways, we always have the latest products on display with over 500m² of ideas and designs to inspire you.

Explore our full range of Karndean Designflooring products in our beautiful state of the art showroom. Our knowledgeable and friendly Design Consultants are here to help you with expert guidance and advice for all your Karndean flooring needs.

Compare our wide range of colours, textures, patterns and sizes with large areas of laid and wall-hung flooring panels. You're welcome to take home full-size samples to try in your own space at no charge.

We are located at **835 Stud Road, Knoxfield, Victoria 3180.**

Transferable warranty

If you purchased your Karndean Designflooring through a Karndean Retail Partner your warranty will have the added benefit of it being transferable. This means that if you sell your house within your guarantee period, you can pass the warranty on to the new owners.

To qualify for a transferable warranty, you must:

- Adhere to the terms and conditions outlined in the Purchase Warranty
- Purchase from one of our retail partners and they will provide us with your email address to enable us to send you your transferable warranty

For more information or to obtain your Purchase Warranty, please speak with your local flooring retailer or contact our Customer Service Team.

The lifetime residential warranty is defined as 35 years and protects against product wear out and manufacturing defects. What's more, the warranties are now transferable to any future owners (subject to the terms and conditions of the Transferable Purchase Warranty).

[VIEW OUR WARRANTY INFORMATION](#)

Caring for your floor

Regular cleaning with a pH neutral cleaner such as Karndean Clean will help keep your floor at its best.

Over time you may want to treat your floor to some extra care. We recommend every six to twelve months, depending on wear, that you strip and refresh your floor using Karndean Remove and Karndean Refresh, to further enhance its look and durability.

[FIND OUR CLEANING AND MAINTENANCE INFORMATION](#)

It's a new day

And we're ready to create a better tomorrow!

It's a continuing journey, and there are no shortcuts. Now is the time for everyone to begin taking bigger steps. Ours is a promise to think differently, act decisively, and create real change.

It's a promise to Evolve.

Five decades ago, our family-owned business was founded on innovation, bold action and a pioneering spirit. Fifty years later, those same ideals guide us forward. Because the future demands change.

It's time to create a better tomorrow.

DISCOVER KARNDEAN EVOLVE 

Sustainability is a journey that requires a roadmap.

Ours is a detailed model that includes six areas of focus.

Confront climate change

Karndean's products prioritise sustainability through remarkable longevity, with a guaranteed service life of 35 years for domestic use. This extended durability has a significant positive environmental impact over time, promoting an eco-friendlier future.

Health & wellbeing

Karndean's products prioritise wellbeing, surpassing mere aesthetics. Free from harmful substances like heavy metals and unsafe phthalates, they're certified for indoor air quality post-installation. Our dedication to healthy interiors extends to using water-based or solvent-free adhesives, minimising VOC emissions. Your health and comfort are central to Karndean's philosophy.

Sustainable use of resources

Karndean prioritise the use of recycled materials in their products, with all of them incorporating up to 50% recycled PVC in their backing layers, sourced from post-production waste. We validate our contribution to reducing landfill and promoting recycling.

Inclusion & diversity

We prioritise equity, inclusivity, and diversity, fostering them through engagement and education. In our workplace, we celebrate everyone's contributions as responsible corporate citizens. These values influence our environmental policies, responsible sourcing/trading, and contributions to communities. Our founder's principles still shape our commitment to responsible operations.

Supply chain transparency

Third-party certifications for environmental and social responsibility, including fair treatment and safe conditions for workers. Karndean's factories prioritise recycled materials and recyclability, to ecofriendly product packaging, setting the benchmark for environmental responsibility. Certified manufacturing adhere to ISO 14001 and ISO 9001 standards.

Education

We educate employees about the importance of sustainability, helping them understand what role they play and devise new ways of working. By conducting CPD classes and speaking engagements with organisations like the Green Building Council of Australia, we actively contribute to the training of professionals in the design and construction.

Imagine your space

On the next pages, draw the space that you will be updating by following the example below.

Start with the shape of your space and entry points.

How do you walk through the room?

Are there any adjoining rooms?

Sketch fixtures in your space.

Take your space from sketch to reality.

Design tip

When planning the design of your floor, think of your most common footpath. Have your local retailer install the floor in that direction to guide guests through the space.

Create a moodboard

Remodelling a whole room and not sure where to start? Create a moodboard with the colour scheme you have in mind for the room. Include items like paint samples, pictures from magazines, wallpaper samples - anything that gives you inspiration for your new space!

Complete your Designfloor,
choose the floor that suits your needs

Now that you've gathered your ideas and have a colour choice in mind, view our product ranges to make your final selections.

Three vinyl flooring options *to suit your needs*

Choosing the perfect floor for your home can be a tough decision. That's why we offer our stunning, design-led flooring in three versatile formats: loose lay, rigid core, and gluedown. This way, you can enjoy the look you love with the installation method that best fits your needs. Speak with your installer or retailer to explore the options and find the ideal solution for your space.

Loose lay

Reduce noise: Ideal for loft conversions or upstairs rooms where soundproofing is important.

Quick installation: Perfect for fast, hassle-free installations.

Flat subfloor: Best for completely flat, dry subfloors prepared by a flooring professional.

Maximum versatility and stability: Suitable for most areas of use and does not require expansion gaps.

-  Individually replaceable
-  Quick and easy to install
-  Reduces noise transfer
-  K-Wave® friction grip backing
-  Laying possibilities

Rigid core

Superior acoustics: Excellent for upstairs rooms, reducing noise between floors.

Quick installation: Fast to install, even over most existing floors like tiles or floorboards.

Uneven subfloors: Versatile installation over most subfloor types, hiding minor imperfections

High durability: Perfect for high-traffic areas and homes with kids or pets.

-  Click-locking mechanism
-  Reduces noise transfer
-  Quick and easy to install
-  Installs over most existing hard floors

Gluedown

Bespoke creations: Mix wood and stone designs for a unique look.

Flat subfloor: Best for completely flat, dry subfloors prepared by a flooring professional.

Maximum durability: Suitable for high traffic areas.

Longevity: Provides long-term durability and resistance to wear.

-  Individually replaceable
-  No expansion gap required
-  Individual, glued down planks and tiles
-  Laying possibilities

Karndean LooseLay Originals

Waterbury LLP152 Limed Oak

Loose lay's unique benefits

Karndean LooseLay Longboard and LooseLay Originals ranges offer quick installation and individually replaceable planks and tiles, our loose lay format is perfect for floors that need minimal disruption and maximal design flexibility. Reducing sound transfer to rooms below, making it the perfect option for upstairs rooms or apartments.

Featuring our innovative K-Wave® friction grip backing, holding the product in place using weight and friction and combined with our tried and tested K-Guard+® finish providing a hygienic, durable surface protection that is quick and easy to clean with a pH-neutral cleaner.

Individually replaceable: Should you need to replace a piece, simply lift the damaged plank or tile and replace with a new one.

Reduces noise transfer: Our loose lay ranges are perfect for projects where you want to reduce noise levels in the room below.

Quick and easy to install: Our loose lay ranges can be fitted over most existing hard floors.

K-Wave® friction grip backing: Our friction grip backing creates a strong bond to the subfloor.

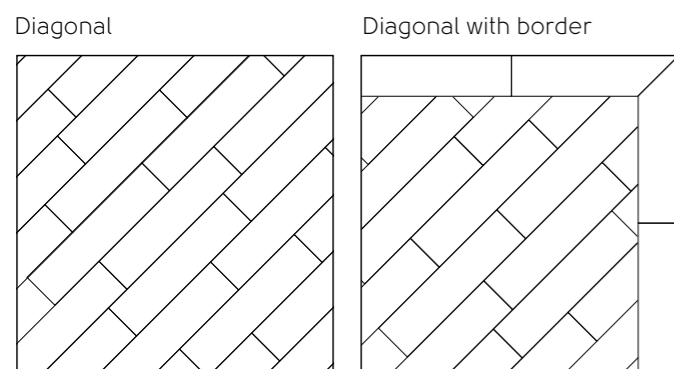

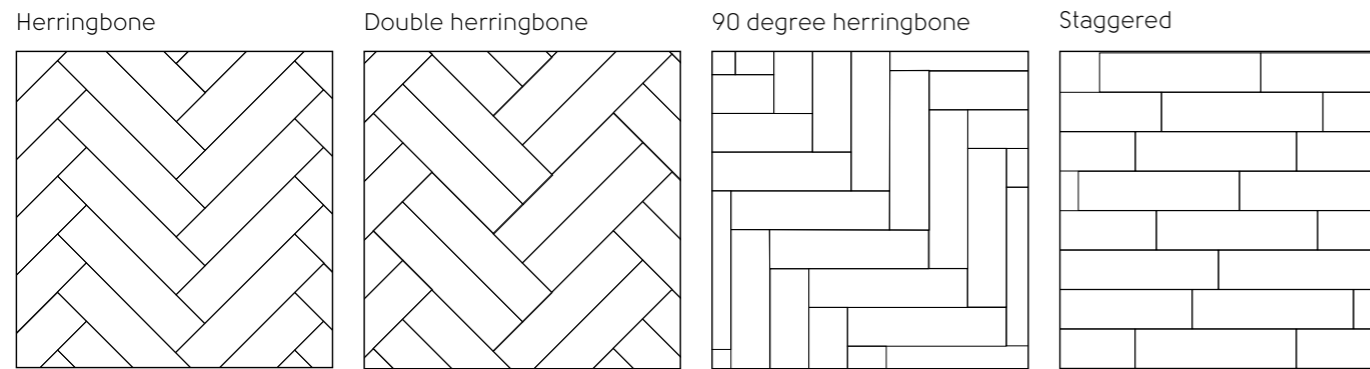

Loose lay construction

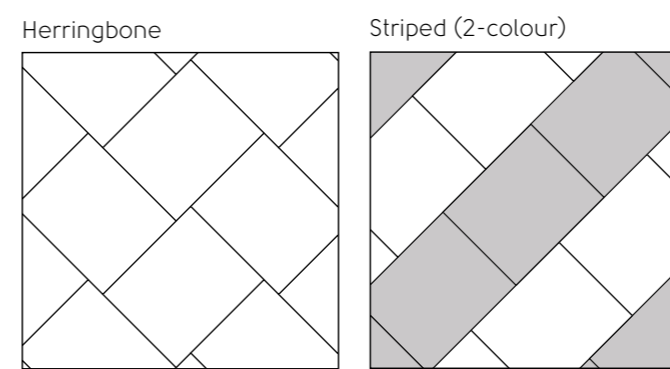

Choosing your laying pattern

It's not just the floor you choose, but the direction you lay it that makes a lasting impression. So how do you know which way you should lay your floor? Keep these pattern options in mind as you browse our three product constructions (formats), as select floors cannot be laid in all of these patterns. Please speak to your retailer or installer to discuss your options.

Wood

Stone

Mixed

LooseLay Longboard

Karndean LooseLay Longboard is a collection of 20 woods featuring unique designs in a 1.5m long format.

Featuring native Australian species, the collection offers a contemporary palette that makes the most of its 1.5m length and loose lay format.

Rigid core

Our rigid core hybrid ranges feature a click-locking system that allows them to be installed over most existing hard floors, without the need for adhesive.

FIND OUT MORE ABOUT RIGID CORE

Rigid core's unique benefits

Rigid Core is a hybrid flooring product featuring our proprietary K-Core® technology, a 5G® click-locking mechanism and a specially formulated acoustic backing, and as such, is an ideal alternative to laminate and engineered hardwood click floors. Offering quick and easy installation and hiding subfloor imperfections, it also has the durable and waterproof qualities of luxury vinyl.

Together these layers form a product that is strong and stable, and able to be installed quickly and easily over most existing hard floors, as well as over imperfect subfloors as well as offering impressive acoustic benefits in reducing noise transfer to rooms below.

Installs over existing hard floors: You want to install over an existing floor such as ceramic tiles or floorboards, or uneven subfloor.

Reduces noise transfer: The premium, pre-attached acoustic foam backing reduces noise transfer to rooms below, making it perfect for upstairs bedrooms, playrooms or attic/loft conversions.

Quick and easy to install: Click-locking systems allow the installer to quickly drop and lock planks together, meaning less upheaval and disruption to

everyday life.

Click-locking mechanism: Get all of the benefits of rigid core with the added security of a superior vertical click-locking mechanism.

Hides subfloor imperfections^: Minor subfloor imperfections won't show through our rigid core backing, meaning most installations won't require the use of levelling compounds or underlayments.

Premium rigid core construction

2G™ & 5G® are patented technologies invented by Välinge Innovation AB. The 2G™ & 5G® word marks and logos are registered trademarks owned by Välinge Innovation AB.

*** As a feature of the design, these products incorporate a high variation between individual planks.

* Selected designs.
** Engineered to absorb most minor^ subfloor imperfections like lumps, bumps, cracks, and gaps for smooth quiet surface.

Choosing your laying pattern

It's not just the floor you choose, but the direction you lay it that makes a lasting impression. So how do you know which way you should lay your floor? Keep these pattern options in mind as you browse our three product constructions (formats), as select floors cannot be laid in all of these patterns. Please speak to your retailer or installer to discuss your options.

Rigid core accessories

To complete your rigid core floor, we have five colour coordinated accessories for each design. Our accessories are custom made with unique features such as tapered base plates to suit inbuilt underlay and come in convenient 2.3m lengths for ease of transport and handling. All our accessories are suitable for residential and light commercial use.

Multi Trim

This trim comes with three inserts to allow for joining to a range of alternative materials of different thicknesses. As its name suggests, the Multi Trim fulfils a number of functions.

- 1. Expansion Joint cover.** For installations over 15m in length or width an expansion joint must be made (usually placed across a door opening). floating floor and protection from the pins in carpet smooth-edge, as well as normal height transitions.
- 2. Transition.** For joining to carpet where the trim provides cover for both the expansion gap of the
- 3. Reducer/Ramp.** The top cover can be angled to provide a reducer strip down to substrate level, or for adjoining materials of different heights.

Expansion Joint Cover/Transition

Reducer/Ramp

Edge Cap

Edge Caps are one of the most common profiles. They can be used for a neat finish against sliding doors, full height floor to ceiling windows, carpets, tiled areas and other floor finishes of similar height. This profile is glued to the floor and the floating floor slots into the trim, it has 19mm top coverage.

Split Edge Cap

The Split Edge Cap is an easier to install alternative to the Edge Cap, especially on that all too challenging last row of planks. The base profile is installed prior to the installation of the floor and then the colour coordinated top cover is tapped into place with a rubber mallet to hide the expansion gap.

A great option for DIY installers, the Split Edge Cap is a great solution for finishing to window frames, sliding doors or as a sleek alternative to traditional Scotia.

Scotia

Scotia is designed to cover the gap between the wall and the flooring after the floor has been laid. Our scotia measures 19mm by 19mm and is made from high-quality moisture-resistant WPC. It has just the right amount of flexibility to follow any slight inconsistencies in the wall.

Stair Nosing

Stair Nosing is a trim used for finishing of steps and staircases neatly. This trim is fixed to the edge of the step using permanent construction adhesive and mechanically where required.

This is used as a transition trim to join step treads and risers (upright, vertical part of the step neatly). The trim accommodates expansion for both tread and riser.

Korlok

Our Korlok range features proprietary K-Core® technology, a 5G® locking mechanism and a specially formulated acoustic backing. Together these layers form a product that is strong and stable, and able to be installed quickly and easily over most existing hard floors, as well as over imperfect subfloors.

Korlok offers impressive acoustic benefits in reducing noise transfer to rooms below.

Dual format

Every home, room, and approach to styling a space is completely unique to you and we know that choosing a floor that suits you and your home can be challenging...

That's why we create adaptable installation options for our beautiful, design-led floors.

Our dual format floors come in gluedown and rigid core, so you can choose the best option for you and your space.

River Spotted Gum* VGW131T | SCB-VGW131T

Herringbone laying pattern is only achievable with gluedown ranges.

Urban Spotted Gum KP141-7 | SCB-KP141

Choose your format

We know that choosing a floor that suits you and your home can be challenging...

That's why we offer many of our beautiful designs in dual format. As these are available in both gluedown or rigid core, you can enjoy the design you want, in the format you need.

Gluedown

With our gluedown ranges you have complete control over the look of your floor, from the lay pattern to the incorporation of our design strips and borders.

Individually replaceable: Should part of the floor become damaged, simply lift and replace the plank with a new one, giving you peace of mind throughout the lifetime of your floor.

Laying possibilities: It's not just the design you choose, but how you lay it. Our gluedown format gives you the ability to add your individual style and add intrigue to any room with a multitude of creative laying patterns.

No expansion gap required: Can be fitted tight against straight or curved walls and fixtures. No need to leave any expansion gap.

Custom layouts: For stylish aesthetic or functional zoning purposes, offering virtually limitless possibilities.

Rigid core

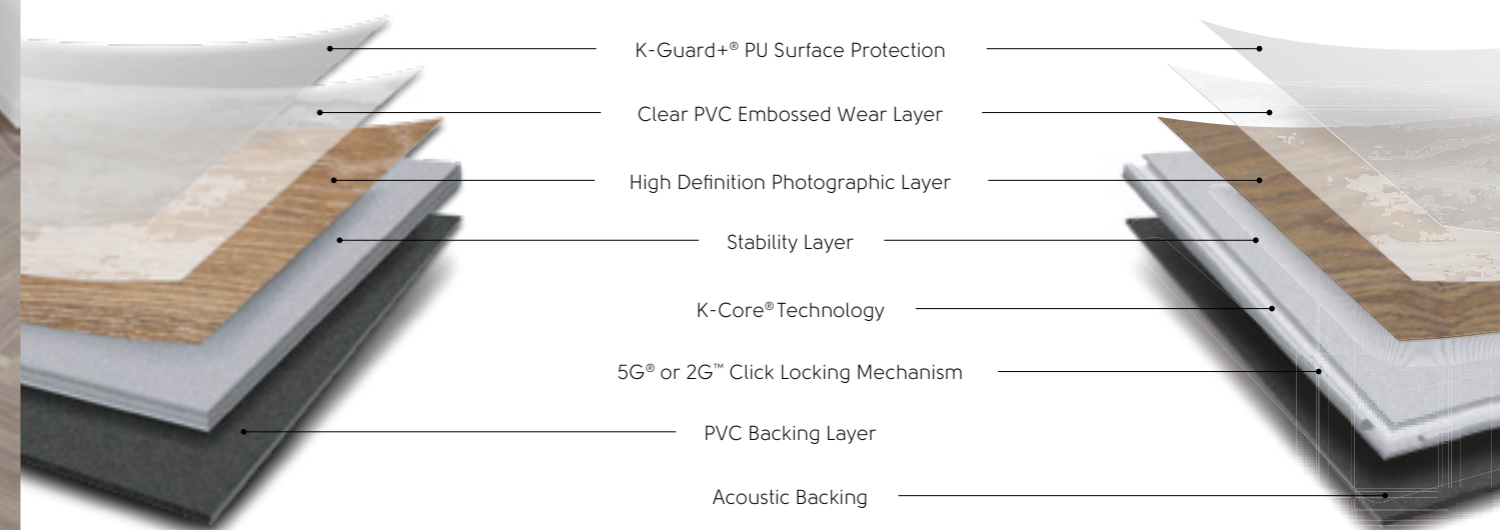

Our rigid core hybrid ranges feature a click-locking system that allows them to be installed over most existing hard floors, without the need for adhesive.

Quick and easy to install: Click-locking systems allow the installer to quickly drop and lock planks together, meaning less upheaval and disruption to everyday life.

Reduces noise transfer: The premium, pre-attached acoustic foam backing reduces noise transfer to rooms below, making it perfect for upstairs bedrooms playrooms or attic/loft conversions.

Click-locking mechanism: Get all of the benefits of rigid core with the added security of a superior vertical click-locking mechanism.

Installs over existing hard floors: Rigid core can be floated over most existing hard floor coverings.

HIGH VARIATION *As a feature of the design, these products incorporate a high variation between individual planks.

Van Gogh

Our popular Van Gogh range captures the look and feel of real timbers in a carefully curated collection of 20 timber-look planks available in glued-down or our 5G® click-locking rigid core format for ease and versatility of installation.

From classic European species such as oak, elm, maple, and birch to quintessential Australian timbers including blackbutt and spotted gum, the Van Gogh range celebrates the intrinsic character and rich diversity of colour, tone, and texture of the world's most beautiful timbers.

Gluedown

Our gluedown ranges are individual planks and tiles that are stuck down using permanent adhesive. They can be customised with laying patterns, and custom cuts, as well as offering our widest choice of colours and formats.

Features such as textured emboss or our premium hand-scraped finish, wide bevels, or flat edges make each range unique to Karndean and serve to highlight the faithful replication of the original wood and stone that inspired each of our products.

FIND OUT MORE ABOUT OUR GLEUDDOWN COLLECTION

Gluedown's unique benefits

Our gluedown ranges are: Art Select, Van Gogh, Knight Tile and Opus.

Because gluedown planks and tiles are installed individually, these products offer the highest level of personalisation. This allows you to create a layout and design that makes your home more stylish and functional, while remaining affordable and faster to install than other types of hard surface flooring.

Individually replaceable: Should part of the floor become damaged, simply lift and replace the plank with a new one, giving you peace of mind throughout the lifetime of your floor.

No expansion gap required: Can be fitted tight against straight or curved walls and fixtures. No need to leave any expansion gap.

Laying possibilities: It's not just the design you choose, but how you lay it. Our gluedown format gives you the ability to add your individual style and add intrigue to any room with a multitude of creative laying patterns.

Custom layouts: For stylish aesthetic or functional zoning purposes, offering virtually limitless possibilities.
